TECHNOLOGY

Devices are limited in K-4 and school devices will not be shared. If you are able to, please send a personal device (labeled) to school. If they bring a tablet, they are allowed to bring a stylus. The drawing tablet, mentioned below, may be brought to school for those using laptops.

HIGHLY RECOMMEND: A drawing tablet if a tablet computer (such as an iPad) is unavailable. Students will use it to write legibly and efficiently on digital interactive white boards and presentations. This will allow teachers to watch how students solve problems in real-time; and students will be able to collaborate with each other.
