

**CHICAGO
CHILDREN'S
CHOIR**

SOUTH LOOP IS A PROUD PARTNER OF CHICAGO CHILDREN'S CHOIR

Our School Program brings inspirational music education to children throughout the city, providing students in **4th & 5th grade** with training in musicianship, proper vocal production and basic music theory.

Throughout the year, students will:

- Learn music from many genres and cultures – authentic to the style and language of each piece, incorporating movement as appropriate
- Engage in dialogue about the historical and social context of music learned and its relevance today
- Feel a sense of pride through high expectations and opportunities for performance
- Build life-long friendships

Chicago Children's Choir's top priority is creating a safe space for young people to come together on common ground.
