

Applicants accept or decline waitlist offers via their GoCPS account [Login here](#). **Make sure all contact information is up to date on the GoCPS account** (email and phone) in order to be notified of waitlist offers.

- Waitlist seats are only offered if the program **has not met** its capacity.
- The amount of time you are on a waitlist will vary by program and waitlist number.
- Applicants can withdraw from the waitlist if they no longer wish to be considered. **Once withdrawn, the decision is final and cannot be reversed.** If an applicant later decides to rejoin the waitlist, they will NOT get their old waitlist place back.
- Once a waitlist offer has been accepted, any previously accepted offer will be automatically declined and offered to the next applicant in line.
- Offers will be extended on Tuesdays and Fridays of every week at 8am beginning with Tuesday, April 29th. You will have **two business days to accept your offer**. You will click the link above to check your waitlist status and accept your offer. **Principal Discretion results** will be posted on **Friday, May 2nd** you access that information also at the above link.

Rolling Waitlist	
Choice Programs	Selective Enrollment Programs NOTE: SEHS programs do not make many waitlist offers so make sure to think carefully before declining any offers.
If an applicant received a Choice offer, when the waitlist opens, they will be automatically added to the waitlists of programs that were ranked higher than the program to which they received an offer.	Applicants who received a SEHS offer in the initial round of selections will NOT be waitlisted to any other Selective Enrollment programs.
If an applicant did not receive a Choice offer, they will be automatically waitlisted for all programs on their application for which they meet the eligibility requirements.	Eligible applicants who DID NOT receive a SEHS offer are automatically placed on the waitlist for any program they qualify for and included on the application. Applicants can also add additional programs to their application as long as they don't exceed the category limit of 6 programs.
Waitlist seats are offered based on the priority preference groups , if applicable. For instance, if a seat is declined by a student in a program's proximity and/or sibling category, that seat will be offered to the student who is first in line on the proximity and/or sibling waitlist.	Waitlists for all SEHS programs are sorted in descending total point order 900 and below . Applicants are re-sorted as new students join the waitlists. This means that waitlist numbers for SEHS programs can go up and down depending on who joins the waitlist.
When students join (aka add) the Rolling Waitlist, they are joining the end of the existing Choice waitlist .	If an applicant receives a SEHS offer but would like to join the waitlist for another program, they will need to first decline the offer in order to join the waitlist for any other program. I DO NOT recommend doing this since joining a waitlist DOES NOT guarantee you will receive an offer.
Choice waitlists will remain active until the beginning of the following January .	SEHS waitlists will remain active until the 20th day of school . After that time, there are no transfers into SEHS programs for the rest of that school year.
